A survey has been sent to all families with children in the 0 - 5 and K - 5 programs. The deadline for returning the surveys is January 14. Deaf Staff List Available

A list of the 114 Deaf ISD staff members (as of January 14) is now available upon request from the Superintendent's office. This listing, by department, may be used as a resource to facilitate location of appropriate Deaf staff when groups (committees, teams, etc.) are formed, so that a Deaf cultural and/or linguistic perspective is included.

Tech Prep Curriculum Update

Development of the new Tech Prep Curriculum is proceeding. The Planning Committee is revising its plan after consulting Superintendent Laird and several other administrators. The final draft will be available for review within the next few weeks. The subcommittees for Tech Prep mathematics, science, communications, and technology are hard at work developing competencies for each topic. They will then begin writing units for courses to be offered in the fall of 1994.

During the next few weeks, the committee will be contacting this year's 8th graders and freshmen, and their parents, to explain the benefits of the Tech Prep Curriculum over a General Studies Program. This will be accomplished through a mailing to the students and their parents as well as a discussion during the Annual Case Conferences. Prospective students are also invited on a tour of Ben Davis High School's Tech Prep Program during Winter Wonders and Wanders (January 26 - 28). The students will see what a Tech Prep Program is like and meet other students who have accomplished much through the Tech Prep Program. Ben Davis High School implemented the Tech Prep Curriculum four years ago and is the demonstration site for central Indiana. The committee will also begin contacting the Deaf Community and area businesses to educate and involve them in the ongoing process of curriculum development. The Tech Prep Planning Committee has invited Tim Nolan from Cincinnati Technical College to present to our staff on the topic of student learning styles and cooperative learning. These are two very important concepts that must be utilized to make a Tech Prep Program successful. Committee members are also attending a variety of workshops on their subject areas as they write curriculum.

Dear ISD Parents,

On January 9, 1994 a Parent Workshop was held at ISD. The workshop was a great success! Over one-hundred parents attended the workshop and approximately 80 youngsters participated in the children's program. A summary of the workshop is being prepared. If you would like a copy of the summary when it is completed, please contact the Superintendent's Office.

On behalf of the staff and parents who planned the workshop, I want to personally thank all of you who attended or who assisted with the workshop. The success of this workshop is a strong indictor that staff and parents can and are working together for a better school.

The planning committee is already hard at work preparing for the next workshop. It will be held on **February 20, 1994** from **1:00 p.m. until 3:00 p.m. at ISD.** The planning committee is using many of the suggestions participants made at the January workshop to plan for February. Please mark the date on your calendar now and we will be contacting you with more details on the next workshop soon!

Again, thank you to those who attended the workshop and we look forward to seeing more of you in February!

Sincerely,

Eddy F. Laird
Superintendent

To register, please contact Mary Alice Moon. Deadline for registration for the February 4 workshop is Friday, January 28. Only twelve participants will be enrolled, Names will be accepted on a "first come, first served" basis.

It is strongly suggested that participants read the book "Managing Transitions by William Bridges before the workshop. Copies may be borrowed from Pam Lewis in the Learning Resource Center.

The Transition Workshops are designed for ALL employees. ISD doesn't want just the teaching staff involved in the meetings. It is Superintendent Laird's hope that everyone will want to take this opportunity to learn more about themselves and the rapidly changing world in which we live today.

Schools of Many Voices: Leadership in a Multicultural Society II

This conference has three goals:

1) To provide educators with information that is designed for all students, of all races, ethnic groups, and social classes;
2) To help educators learn how to reduce the pain and discrimination members of some ethnic and racial groups experience in schools; and
3) To have educators examine their total school environment to make certain it is not mono-ethnic.

The conference will be held April 27 - 28 at the Indiana Government Center South. The registration fee is $60 (conference limited to the first 325 registrants). All the registrations must be sent in together. If you are interested, contact Mary Alice Moon.

Continuing the Connections: Mathematics/Science/Technology

Schools are encouraged to send a team of teachers to this important conference. ISD staff who attended this conference obtained a wealth of information and curriculum ideas. This will be held February 24 at the Indiana Convention Center. Registration is $25.

Athletics Update

The SILENT NEWS has named Senior **Chandra Boyd** to the Deaf Prep All-American Volleyball First Team.

Deepak Gothi, Senior, was chosen for the Deaf Prep All-American Offensive Team. **Jennifer Brezinski** received special mention as the first female running back to score a touchdown in a high school game anywhere in the United States.

The Deaf Athletics Federation of the United States (DAFUS) meet took place at the Louisiana Deaf School. Indiana edged Fremont by 2 points, 12 to 14. The Fremont team sorely missed #1 Jose Gutierrez who was unable to make the trip. Had Gutierrez taken part the outcome might have been different, but, by virtue of winning the race, Indiana gets the boys' Cross Country Team of the Year honor, snapping Fremont's six straight honors. ISD student **Danny Moore** was named 1993 "Harrier of the Year"!

Danny Moore and **Michael Smith** were picked for the Deaf All-American First Team. **James Rayburn** and **Toby Hostetler** made the Second Team. **J.T. Davisson** received Honorable Mention.

ISD Alum Coaches Team of the Year

Despite having to hire a new coach, Brian Bippus, ISD grad and World Games of the Deaf volleyball silver medalist to replace the departing Richard Ward, Gallaudet's Model Secondary School for the Deaf volleyball team won over thirty matches enroute to its third consecutive Team of the Year award.
